VOLUME CVIII.--NO. 82. ALEXANDRIA, VA., FRIDAY EVENING, APRIL 5, 1907. PRICE 2 CENTS.

A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learn why this medicine has such a wide range of application in the cure of diseases. It is sent *free*. Address Dr. R. V. Pierce, Buffalo, N. Y. The "Discovery" contains no alcohol or harmful, habit-forming drug. Ingredients all printed on each bottle wrapper in plain English.

Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual, substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative.

For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

Horrors of Earthquake.

A dispatch from Constantinople, published in yesterday's Gazette, stated that terrible earthquake shocks occurred in Bitlis, Turkish Armenia, on the 29th ultimo. The following dispatch has been received from Rev. Royal M. Cole, head of the American Mission at Bitlis:

"Bitlis, Turkish, Armenia, April 3.—At 10 o'clock in the forenoon of March 29 there burst upon us the worst earthquake witnessed in 40 years in these or the Erzerum volcanic regions. Such was its force that our city seemed to be in the jaws of some monster who would shake us into shreds, as a mastiff does his game. Down came the plastering, the furniture was overturned, cracks were opened in strong walls, roofs were shattered and rain poured in. During the first day there were 14 shocks and they still continue. There have been altogether 28 shocks. Of the 4,000 houses here more than 300 have fallen and half the remainder have been seriously damaged, about $50 to $500 being needed to repair each house. The officials report that eight persons were killed by falling walls, but they are all unknown in Bitlis. Many persons were wounded and many churches, mosques and government buildings were damaged. The surrounding villages sustained heavy shocks, but it was in the daytime, and so there was no great loss of life. Famine prices prevail and there is great poverty and extreme suffering."

If you have not received the Argo Red Salmon Cook Book ask your grocer or send a postal card to The Alaska Packers Association, Atlanta, Ga., advertising department.

A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis and establish regular habits of the bowels. 25c at E. S. Leadbeater & Sons' drug store.

Historic Tavern for Sale.

The old Rising Sun Tavern, in Fredericksburg, is advertised for sale at auction. This is one of the most noted buildings in Virginia. It antedates the revolutionary war and, with the exception of some churches, there are but few public houses as old and none with richer associations of the past.

The tavern was kept by Weedon, who became a major-general in the continental army. General Weedon was a brother-in-law of Gen. Hugh Mercer, who was a brigadier-general in the same army when he fell at Princeton. The Rising Sun was a resort of leading men of Virginia more than 130 years ago. John Paul Jones conferred with leaders of the American revolution there. Washington, Mason and the Lees discussed the relations of the colonies to the mother country in this building. Washington held a reception to his officers who had been with him at Yorktown in this old tavern, among whom was Lafayette.

An effort probably will be made to induce the Society for the Preservation of Virginia Antiquities to secure the Rising Sun Tavern and use it as a museum. It is located on Main street.

Victims of Palmist.

Earl Vantare, a self-styled palmist, clairvoyant, and a life-reader, who appeared in Greensboro, N. C., about six weeks ago, has skipped, taking with him about $10,000 worth of jewelry, &c., secured from his victims.

Vautare professed to be able to prevent impending danger. In order to save the patron a charm must be worked, and the patron was sworn to secrecy. He took any valuable piece of jewelry or coin and pretended to place it in a small box. The box was then sealed and placed in a small bag. This bag was sealed and inclosed in yet another bag, which was also sealed.

The patron was then instructed to pin the sealed package on the inside of her clothing and not remove it until a day appointed for her return, when she would again be ushered into the secret room and the package would be opened. Last Wednesday was the day appointed when the victims should return to open the boxes, but when they got there Vautare was not to be found. The boxes were opened and found to be empty.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

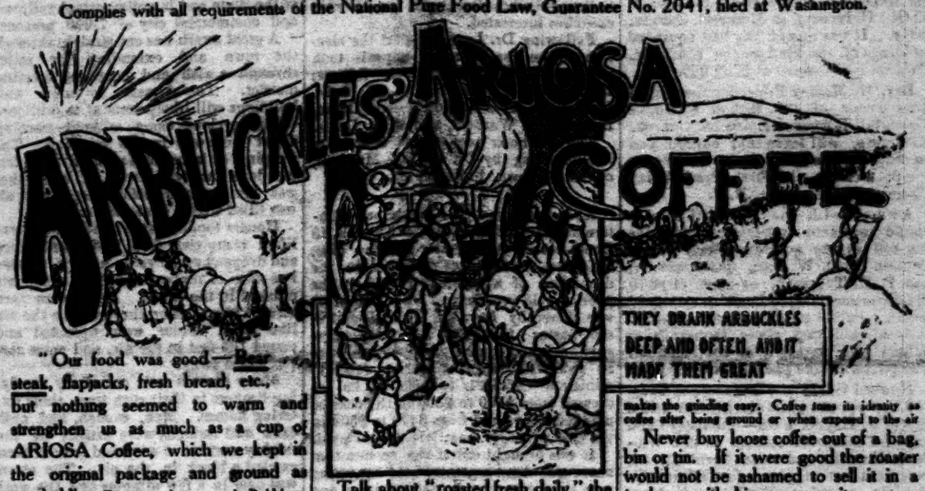
FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.



"Our food was good—Bear steak, flapjacks, fresh bread, etc., but nothing seemed to warm and strengthen us as much as a cup of ARIOSA Coffee, which we kept in the original package and ground as needed." From a gentleman now in Bethlehem.

Arbuckles' ARIOSA was the first roasted packaged coffee,—packaged for the consumer's protection and the pores of each berry sealed after the roasting with fresh eggs and sugar to keep the goodness in and make the coffee settle clear and quickly.

Talk about "roasted fresh daily," the way to get a cup of coffee that tastes like coffee, with all the delicious flavor and aroma intact, is to buy Arbuckles' ARIOSA and grind it as you want to use it. Warming it a little develops the flavor and makes the grinding easy. Coffee runs in density as coffee after being ground or when exposed to the air.

Never buy loose coffee out of a bag, bin or tin. If it were good the roaster would not be ashamed to sell it in a package with his name on it.

The value of Arbuckles' ARIOSA exceed those of all the other packaged coffees combined. It is the best coffee for you, and costs you less.

If your grocer won't supply, write to ARBUCKLE BROS., New York City.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, APRIL 5, 1907.

THE PITTSBURG, PA., Chamber of Commerce last night gave a dinner a feature of which was the immortalizing of twenty-eight individuals whom the guests pronounced honest men and "men who have done great things." Diogenes was not present with his lamp, and whether he would have affirmed the judgment of the banqueters is a matter of conjecture. Artists, scientists, capitalists, manufacturers, statesmen, railway officials, authors, naval commanders, historians, prelates, jurists, composers, civil engineers, chemists, diplomats, lawyers, politicians, ministers, inventors, physicists and musicians were among those crowned. Andrew Carnegie and President McCrae of the Pennsylvania Railroad were made stars of the first magnitude. There are many in the humble walks of life who battle with poverty all their days and, despite their many temptations, manage to keep their hands clean. They never reach prominence; hence banqueters will place no laurel wreaths on their heads. The great manufacturer often reflects the genius of his subordinates who have virtually made him what he is, yet the men to whom credit is due are seldom appreciated from the fact that they lack affluence. The heroine of Eugene Sue's "Wandering Jew" is represented as giving a colossal entertainment to her friends. There was a lavish display of silverware, some of beautiful design. The pieces, however, bore the names of men unknown to the world at large. One of Mlle. Cardoville's guests finally observed that he had never heard of the manufacturers whose names appeared on the silverware. The woman replied by telling the guest that the names on the pieces were those of the workmen who had designed and made them—not those of dealers or heads of manufactories, who in the course of human events get credit due the genius and industry of others; hence at her order the silverware was made to bear the names of the artisans.

AT THE regular meeting of the War Veterans and Sons' Association of the United States in Brooklyn Wednesday night it was reported that several flag firms were engaged in manufacturing the flags of the late Confederacy by the thousand for use at the Jamestown Exposition. After a warm discussion of the matter a motion to the effect that the association officially protest against such display was carried. There are evidently a number of "yankees" yet living who are afraid of the Confederate flag, but it is dollars to doughnuts that these fellows were "boom proofs" during the war and never got near the firing line. The Confederate flag is now regarded by southern people as but a memento of a lost cause—a sentiment—as dear to them as the flag of Ireland is to the sons of the Emerald Isle, and why a fuss is constantly being kicked up on account of its dislay in the Southland is hard to understand by sensible people.

A SAVANNAH paper calls attention to the fact that the propaganda of socialism finds little encouragement in the southern States, and most encouragement in New England and the northwest, where republicanism is strongest. In the list of States "abandoned" for the present by the leaders of the socialist movement were the names of practically all of the southern States, the exceptions being Kentucky and Texas. Socialism cannot flourish where real democracy is practiced; where the government is of, for, and by the people. The South, the most American part of the country, remains true to the ideals of the founders of the government. That is why it isn't permeated with socialism and other distempers which are raging more or less in other parts of the world.

A NUMBER of Virginia papers have agreed with the Gazette's observations concerning the importation of soldiers into Alexandria last week during the trial of George Midgets, colored, for the murder of Chas. T. Smith. The Charlottesville Progress in referring to the useless procedure and the expense involved very truly says:

There is something very repugnant to the reverence of the English-speaking for the supremacy of the law to see armed soldiers in a court of justice. It is a spectacle more appropriate to the so-called republic of Rome after the Caesars usurped their away than to our free republic where the military is subordinate to the popular voice and the edicts of the courts; where the law and not the bayonet is supreme.

IT IS given out at Washington that the Government will soon recover possession of millions of dollars worth of coal and mineral lands fraudulently obtained by the Union Pacific Railroad and other railroad and coal companies in Colorado, Wyoming, Utah and other mountain states. The recovery of these lands is sure to open up competition with some of the pestiferous fuel trusts that have been organized in the interstate mountain region, establishing a most dangerous form of monopoly. It is reported that the Harriman roads stand ready to give up a very large proportion of their coal land holdings rather than have their title investigated by the courts.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, April 5.

President Roosevelt is preparing to follow up the disclosures of the political "conspiracy" that he made yesterday and the day before with more startling announcements bearing on the alleged machinations of Harriman, Hearst, Rockefeller and his other arch-enemies. It is even claimed by the President's friends that the $5,000,000 slush fund feature, which was revealed at the White House yesterday, will dwindle into very small perspective before the President gets through grilling the men who are said to be planning the defeat of his policies at the next republican national convention. "Just as fast as we get additional facts, the public shall know them," announced one of the President's right hand men today. Continuing he said: "Before the Harriman crowd wakes up to the knowledge that something is 'doin,' he will have stampeded the country. If he wants Taft as his successor he will have him. If, on the contrary, he is playing a hand that will compel the convention to nominate him against his apparent will, why that could be brought about just as easily."

It is now stated that Senator Penrose was the banqueter who first "gave the snap away" by confiding over the coffee and cigars to a supposed anti-Roosevelt man the details of the plot which it was expected would result in the defeat of the President and his policies at the next convention. When Penrose woke up the next morning, so the story goes, he hunted up his confidant in order to refresh his recollection as to just what he had said. The gentleman informed him that he had indeed "turned himself inside out" the night before. Then Penrose threw discretion to the winds, according to the tale and actually offered to write out a check for $25,000 for the anti-Roosevelt fund if he would have it. The President's friend spurned the filthy lucre with scorn and forthwith carried the whole story to the President.

"It's up to Penrose" everybody is declaring today. He is not in town; it is stated at the Willard, where he stops when at the capital, that he is now in Philadelphia. Will he try to Harriman the President, or will he allow the incident to close while the American public figuratively counts him out?

Among the interest side-lights added today to current revelations concerning the alleged interest of the great corporations in the campaign of 1904 is the following, which comes from one who was actively engaged in the work of the campaign and is familiar with most of what went on in the councils of the National Republican Committee: Certain great trusts tried, through the channel of campaign contributions, to cast an anchor to the windward so that they might latter be given immunity from federal prosecution. George B. Cortelyou is pointed as the man who saved the administration from at least one deep embarrassment. A high official of the tobacco trust called in person upon him in New York, and after expressing his great admiration for President Roosevelt voluntarily tendered the Chairman of the National Republican Committee a check well into the thousands.

Cortelyou astounded his caller by declining the tender and returning the check. He made no further explanation. Some weeks later he told the President what he had done. He was warmly thanked, for the President then learned for the first time that records at the Department of Commerce and Labor indicated that the corporation might later be classified as a "bad trust." It was not many months later that papers relating to the tobacco trust were sent to the Department of Justice for consideration. They are still there but it is estimated that an announcement concerning the decision of the Attorney General will be forthcoming shortly. Other corporations, then undergoing suffering from the operation of the federal probe are said to have voluntarily offered to contribute large sums toward the campaign fund, but that their proffers were also rejected.

It was announced today that the Senate investigation into the shooting up of Brownsville, Texas, will be postponed, probably to May 14. Senator Foraker desires to fill several engagements in Ohio and expects to leave here Saturday.

The President today announced the appointment of George Otis Smith, of Maine, as Director of the Geological Survey to succeed Charles D. Walcott recently appointed Secretary of the Smithsonian Institution.

Senator Penrose's application for membership in the Ananias Club has been turned down at the White House. Secretary Loeb put the little black ball in the box when it was passed to him today by a representative of the Publishers' Press. "Senator Penrose's denial that he was the man that gave the first information of the conspiracy to defeat the President's policies is of no interest to us," said the Secretary. "Senator Penrose's name was not mentioned in giving out the news yesterday. How his name came to be connected with the publications in this morning's papers, I do not know." "Will you say that Penrose was not the Senator in question?" was asked. "I will not say that he was or was not," was the reply. "I can only add that his name was not mentioned either by me or by anyone else in the White House as being connected with the matter."

President Roosevelt has taken a deep personal interest in the proposed prosecution of the watch trust. He is now going over the mass of evidence that has been accumulating at the department of justice for several months against the big four companies that are said to have a corner on time.

In concluding today his arguments before the Interstate Commerce Commission in defense of the Harriman railroad transactions of the last few years, John G. Milburn, of counsel for Harriman, laid down several fundamental propositions in support of the claim that there was no violation of the Sherman anti-trust law in the purchase of the Southern Pacific by the Union Pacific. These propositions will form the basis of the defense if the matter is taken into the courts with a view of prosecuting Harriman as president of the Union Pacific. C. A. Severance, of counsel for the government, answered the arguments of the Harriman lawyers.

News of the Day.

Gov. Stuart, of Pennsylvania, today signed the Dunsmore two cent fare bill.

Bartholomew G. Cavagna, former teller of the First National Bank of Cincinnati, yesterday pleaded guilty to the charge of embezzlement and was sentenced to six years in the penitentiary.

Many conservative members of the douma yesterday withdrew in protest against a declaration by a social-democrat charging the Russian government with bad faith in dissolving the first parliament.

Fire of an unknown cause destroyed the McDonald Engineering building at McGill University, in Montreal, Canada, today. It was one of the best equipped buildings of its kind on the continent. The loss is estimated at $750,000.

Rev. H. Medley Price, for the second time pastor of the Bishop Cummins Memorial Reformed Episcopal Church, Baltimore, will leave that church and be ordained as a Presbyterian minister to accept a call to the First Presbyterian Church, of Shrewsbury, N. J.

Accused with the falsification of a public document in having padded the pay-roll in the quartermaster's shops, Captain Fred. W Cole, quartermaster, and P. H. Thornton, ex-chief clerk in the department, were formally arraigned in the criminal court in Manila, today. It is alleged that many thousands of dollars were secured in this manner. The trial will take place at an early date.

Howard Gould will have to pay $28,059 because two years ago his wife called Abner J. Haydel a "d— architect" and expelled him from a room in the Waldorf, where he had come to submit his twentieth set of plans for Millionaire Gould's castle at Sands Point Long Island. The Court of Appeals at Albany has decided this by affirming a decision handed down by the appellate division of the Supreme Court June 18, 1906. Mr. Gould must day $25,509 and $2,550 interest on the sum for two years.

The differences between the western railroads and the members of the Order of Conductors and of the Brotherhood of Railway Trainmen were finally adjusted in Chicago yesterday. The men abandoned their demands for a nine-hour workday, and the railroads made an advance over their previous propositions in the pay of baggagemen, flagmen, and brakemen of $1.50 per month. The original demands of the men were for an increase in pay of 12 per cent and for a working day of nine hours. The managers offered an increase in pay of 10 per cent and declined to grant the nine-hour day.

The Italian who was arrested on Tuesday night as he was boarding the steamer Roma, at the Ferris street pier, Brooklyn, under the name of Pasquale Gelorma, admitted yesterday that he is Frank J. Constantino, the man the Chicago police have been seeking for more than a year in connection with the supposed murder of Mrs. Arthur Gentry, in her apartment in La Salle avenue, in that city. Constantino admitted that he was alone in the apartment with Mrs. Gentry on January 6, 1906, the day of her death, but he denied that he was responsible. The woman, he declared, committed suicide in his presence.

A two story frame dwelling house, at Boyce, owned by Adam Glassock, of Millwood, and occupied by S. D. Estep, was badly damaged by fire Tuesday night.

Mrs. Mary Smith Hutter, ninety-two years of age, widow of John Hutter and daughter of the late Col. W. H. Macon, of New Kent county, died at her home in Richmond yesterday.

Beverley B. Chichester, of Leesburg, who has been an aspirant for the democratic nomination for Congress from the Eighth Virginia district, to succeed the late John F. Rixey, has withdrawn from the contest.

Thomas W. Edwards, of Leesburg, will be a candidate for sheriff of Loudoun county to succeed Eugene Monroe, who had accepted the position of assistant cashier in the Purcellville National Bank of Purcellville.

George W. Koiner, commissioner of agriculture, left Richmond, yesterday, for a second visit to Europe, in the interest of the immigration campaign which he instituted more than a year ago. The State made an appropriation of $10,000 for this purpose.

In the case of Moses Gough, convicted of the betrayal of Miss Lillie B. Stevens, the Prince William court has set aside the verdict of two years in the penitentiary, and, upon agreement of counsel, the accused plead guilty and the court imposed a fine of $75 and costs.

Dr. Geo. B. Fadeley, of Falls Church, is circulating a subscription to the capital stock of a company which is to be organized to construct an electric road from Falls Church connecting with the Great Falls and Old Dominion Railway at Hall's Hill, a distance of about two miles.

The Southern Railway Company, on complaint of Richmond shippers, has been cited to appear before the State corporation commission April 13 to show cause why it should not be fined for failure to comply with the demurrage rules and regulations issued by the commission about 18 months ago.

Captain George E. Ward, for twelve years believed to be dead by his relatives and friends, and who was fifteen years ago a prominent citizen of Richmond, where he owned and operated a dredging machine, has turned up alive. Ward was well known to all the city officials of those days. Ward is now living in Yonkers, N. Y.

Winchester was lighted last night for the first time with electric power from the Shenandoah river, the current coming from the big power house at Millville, twenty-five miles distant. Steam power now in use in many of the manufacturing establishments there will shortly give way to electricity from the same plant, which cost $350,000.

New York Stock Market.

New York, April 5.—The feature of the stock market this morning was continued outside commission house buying and the dominant factor was the further easing off in money with time money supplied at general declines from yesterday's rates. Price movements generally consisted of advances of 1½ to 2 points in higher class shares and gains of ½ to 1 point in low priced issues.

THE METHODISTS.

Initial steps toward taking an active interest in the formation of a union church by the Congregational, the United Brethern and the Methodist Protestant churches were taken yesterday at the second day's session of the Maryland conference of the Methodist Protestant Church in Washington. Rev. Dr. T. H. Lewis, president of the Western Maryland College, and the commissioner who represented the conference at the meeting of the representatives of the three denominations in Chicago, submitted his report. It was favorably received. The question will be referred to the general conferences of the different churches interested.

Following Dr. Lewis's report the election of the committee on appeals took place. The committee is as follows: Rev. W. M. Strayer, Rev. J. M. Mills, Rev. J. D. Kinzer, and Messrs. Daniel Baker, J. N. Warfield, and M. A. Davis.

The afternoon session was devoted to Bible reading by Dr. L. W. Munhall, of Germantown, Philadelphia.

At the session of the Baltimore Conference, Methodist Episcopal Church, in Cumberland, Md., yesterday, the most animated feature was involved in the discussion of a resolution to help the poorly paid preachers. The resolution was offered by Rev. Dr. C. H. Richardson, pastor of St. Paul's Church, Hagerstown, and it asks that the amount to be paid from the sustentation fund to ministers deficient in salaries be increased from $700 to $800 in the case of married men, and from $400 to $500 in the case of single men. It was adopted.

It was brought out at the session that never was there a greater need for young men than now to enter the ministry, and it was hinted that the dearth of applications was due to the lack of support which they would face.

A resolution was adopted to have a committee report at the next conference on a plan for more liberal support of conference claimants.

After a service of forty years, at his request, Rev. Henry P. West, of Severn circuit, was voted on the superannuated list.

On behalf of the ministers of the Washington district, Bishop McDowell presented Rev. Dr. H. R. Naylor, the retiring presiding elder, with a purse of gold.

The conference disapproved with emphatic vote a motion to eliminate the standing committee on the Baltimore Methodist, the conference publication, on the ground that it was a stock concern, and the conference had no financial interest in it. April 21 was set apart as "Rehabilitation Day," when collections will be taken for San Francisco churches.

STENOGRAPHER ARRESTED.

Frank W. Hill, who was private stenographer to Edward H. Harriman for 21 years, and who gave away the letter Mr. Harriman wrote to Sidney Webster and provoked the controversy with President Roosevelt, was arrested in New York late yesterday afternoon and locked up at police headquarters, charged with violating section 642 of the penal code, which relates to the publishing of private correspondence without authority and makes the offense a misdemeanor.

The complainant against Hill is Alexandria Millar, secretary of the Union Pacific Railroad and confidential man to Mr. Harriman. Mr. Millar went to the district attorney's office yesterday and drew up the complaint with Assistant District Attorney Paul Krotal. The latter sent Detective Sergeant Bernard Flood to arrest Hill.

The stenographer was found at his desk in the office of DeCoppert & Doremus, stockbrokers, at 42 Broadway. Hill, who is married and has two children, took his arrest very hard. In Assistant District Attorney Krotel's office Hill made a full confession in an affidavit. He told how he had sold the letter to a newspaper, and said that he did not think he was violating the law when he did so.

Hill said that the Sidney Webster letter was one of the many he had taken by dictation from Mr. Harriman during the time he was employed by the railway magnate. He had retained his note book, he said, and the Webster letter was among the notes he kept.

It developed when Hill confessed that he had offered the letter to a Brooklyn newspaper and to another New York morning newspaper before selling it to the one that published it. The New York morning newspaper that refused to print the letter turned over to Assistant District Attorney Krotel the correspondence they had had with Hill in regard to the matter.

Hill was discharged by Mr. Harriman a year ago, owing to trouble he had with other employes of the office. He has been rather hard up and only a week ago secured employment as a stenographer with DeOppett & Doremus.

Hill was arraigned in the Tombs police court today. The case was continued until Monday morning at 10 o'clock. His bail was fixed at $1,000.

The Thaw Case.

As stated in the Gazette of that day the report of the lunacy commission declaring Harry K. Thaw sane and competent to continue on trial for his life for the murder of Stanford White was unanimous.

It declares that Thaw is not only sane, but that many of his suggestions to counsel have been valuable.

District Attorney Jerome protested against the confirmation of the report on the ground that he had been excluded from the last session of the commission.

He asked that he be allowed to examine the minutes and threatened to petition the appellate division for a mandamus stopping the trial until the legality of the report was determined.

Justice Fitzgerald, while refusing to let the District Attorney have access to the minutes, gave him until next Monday to prepare his application to the appellate division.

Later Mr. Jerome said that if he found Justice Fitzgerald had not committed legal error he would take no further action.

Thaw expressed satisfaction, but not surprise.

Today's Telegraphic News

Killed by Cyclone.

Dallas, Tex., April 5.—A report to the train dispatchers of the Texas & Pacific Railroad here, says that at least twenty persons were killed and 100 injured in a cyclone early today at Alexandria, La. The storm is said to have been one of the worst that has ever visited that section, and has wrought appalling havoc.

A great part of the town is in ruins. Fifty houses have been torn to bits and several stores and factories demolished.

Alexandria is located near the centre of the State and is an important railroad and commercial city of 7,000 persons.

A great swath was cut straight through the town and extending for miles through a rich and populous farming district. The damage to crops and buildings will likely amount to millions.

The cyclone came without warning about 2 o'clock in the morning. The sleeping citizens were aroused by a tremendous terrifying roar of wind that was barely heard before the whole air was filled with a deafening crash.

Houses toppled over like cards or were lifted completely from their foundations and dropped many yards away a shapeless mass of timbers with their occupants crushed in the ruins. Roofs were torn off and went sailing through the the air like kites. Trees were uprooted and tossed 100 feet in the air, and some carried miles away.

Many persons were struck by the flying timbers in their rush from their tottering homes. Men, women, and children and animals were caught by the mighty current of wind and some of them carried a block in the air. The storm was over in a few minutes and the work of rescue began immediately.

Alexandria, La., April 5.—Nine persons are known to have been killed and many injured, and fifty or more houses blown down by a tornado which struck Alexandria shortly after midnight. The storm literally swept everything in its path. Thirteen persons are in hospitals suffering from injuries, some of them fatal. The city power plant, the Alexandria Ice and Cold Storage Plant, and many other mills and factories were wrecked.

Early Dissolution Predicted.

St. Petersburg, April 5.—The early dissolution of the Douma is today predicted by persons high in authority following the discussion of the budget which is now being considered by the parliament.

The situation it is pointed out, has resolved itself into this:

If the budget is sanctioned by the Douma, the law-making body becomes useless as the government, its financial needs being supplied, can get along without it. If the budget is rejected, the Douma will be unable to work at all. While the members might remain in session they could accomplish nothing. In view of the peculiar situation that has developed many well informed people are coming to the conclusion that dissolution is the only thing possible.

The troops again completely dominate this city in preparation for any developments in the session of the douma, which may arouse the populace. The Government does not propose to be caught unprepared if a popular outbreak should occur.

Following yesterdays bolt from the Douma by reactionary deputies and their declaration that the reading by Deputy Alexinsky of a newspaper article accusing the Russian Government of bad faith in dissolving the first parliament was treason, it was feared there might be further disturbances today in the Douma chamber.

The budget debate offers constant opportunity for violent disputes. Cossacks and dragoons are stationed in the factory districts and all the horse guards in the city and three regiments of infantry are being held in readiness in the event of any demonstration.

The Thaw Case.

New York, April 5.—With one of the twin dangers he faced apparently removed, through the decision of the lunacy commission yesterday declaring him sane, Harry Thaw was happy today. He has feared Matteawan even more than the death chair. With its elimination from his future, Thaw is willing to face the jury for his life.

There was only one cloud on the horizon today for Thaw, the possibility that Jerome may further delay the case by an application to the Appellate Division of the Supreme Court for a writ of error in the lunacy proceedings. If the District Attorney takes this step, it may be several weeks before a decision is finally rendered. Thaw's case in the meantime would be held up.

The utmost Jerome can secure, through any outside proceedings he can institute, it was pointed out today, would be to have another lunacy commission appointed. In view of the unanimous finding in favor of Thaw by the last commission, it is not likely the judge will care for further "information" from another commission. If Jerome does not apply to the higher court there is little doubt Justice Fitzgerald will approve the commission's report and order the trial to proceed. In this event, with the participation Jerome has placed on himself by discussing Thaw's sanity, the young millionaire's attorneys are hopeful of an acquittal.

On Monday the jury that has been hearing the Thaw evidence will be in the courtroom. Then Justice Fitzgerald will no doubt approve the finding of the lunacy commission.

Mrs. Evelyn Nesbit Thaw was an early caller at the Tombs today.

Walsh Indicted.

Chicago, April 5.—Misapplication of funds amounting to upwards of $3,500,000 and making "false entries" in reports submitted to the comptroller of the Currency of the United States, are charges in 175 counts in an indictment returned today against John B. Walsh, by the special grand jury which has been investigating the Chicago National Bank under consideration for several weeks. It is expected that Walsh will appear in court tomorrow to give bond for his appearance. The bond on the former indictment was $50,000. The alleged misapplication of funds consisted of three memorandum notes of $90,000 each, totalling $270,000; and the sale of securities in Walsh's railroad stocks amounting to several million of dollars.

Yellow Fever in Havana.

Havana, April 5.—A case of yellow fever was discovered here yesterday. It is the first case found in several months and immediate steps were taken for a close quarantine. The authorities have no fear of an epidemic.

Dr. Marvin's Missing Child.

Dover, Del., April 5.—A letter that made hope spring up again in the heart of Dr. Marvin was received here today after he and the Pinkertons had spent another fruitless day wandering over his farm for clews to the kidnapped Horace. As usual, the doctor received considerable mail, many letters containing identically the same advice as sent before. There was one letter, however, in his mail which caused him to read it very carefully and wondered if there was really anything in it. It read as follows:

Omaha, Neb. 3, 30-07.

Mr. Marvin:

Sir.—If you will send two hundred dollars by Saturday I will rite and tell you whare you can find your boy sound and o k. But I did not have enything to due with it. Send it by mail. Your boy is not fifty miles from Dover, but don't blame me.

Mr. ED. DAVIS, Omaha.

P. S. I would not tell, but I want to git away from it, then I will rite and turn state evidence in all. There was a woman in the affair, but you give me two hundred and I will leave and rite and tell you all if you don't give me away. Send it in a closed letter so no detective can get me. Good bye.

ED. DAVIS,
General Delivery.

The letter was sent from Omaha, Nebraska, under date of April 1, 1:30 p. m. Mr. Marvin turned it over to Detective Simmons. Just what will be done with it was not disclosed.

Suicide of Millionaire's Wife.

New York, April 5.—Crazed by insomia, Mrs. Otto Bothfield, wife of a millionaire produce merchant, slipped out of their fine Bay Ridge mansion while her husband and children slept early today, walked several blocks in her night gown to the Narrows and threw herself in. Her body was not recovered until several hours afterwards, when the entire neighborhood had been aroused and a dozen policemen were searching the shores for some trace of her. On January 17, 1906, Mrs. Bothfield made an unsuccessful effort to end her life by shooting herself in the left temple. Though generally normal, when Mrs. Bothfield sought in vain to get sleep, she became almost frenzied.

Denial from Senator Penrose.

Philadelphia, April 5.—"It is absolutely an untruth," declared Senator Penrose to a Publishers Press representative today, when asked for a statement as to the published report that he disclosed the tale of a "rich man's conspiracy" to defeat Roosevelt's policies. "I have never said any such thing. I have always been a supporter of and believer in Roosevelt's administration and its policies." The Senator said he had never heard of the $5,000,000 fund to prevent Roosevelt naming his successor, nor the combination of industrial magnates, and never attended a dinner as told in the Washington dispatches.

Five Men Stabbed.

Dayton, O., April 5.—Five veterans of the civil war were stabbed last night, while asleep in their cots at the Soldiers' Home. Two may die. William H. Huffman, of Barracks No. 3, wielded the knife. His mind has been weakened by excessive drinking and he imagined his comrades plotted to kill him. Cries of the men awakened from slumber by knife thrusts aroused the inmates and attracted the guards. Huffman was overpowered after a terrific struggle. David Calle and Joseph Connors are in critical condition at the Home Hospital. John Daugherty, Howard Smith and David Gavin will recover.

Dowie's Will.

Chicago, April 5.—The mantle of leadership of John Alexander Dowie is bequeathh by him to John A. Lewis, his close personal friend and adviser. Dowie's will is to be offered for probate today, Gladstone Dowie, is left $10, to be paid in gold. Mrs. Dowie gets her dower. John A. Lewis announced he would accept the trust imposed on him by Dr. Dowie and that he would at once assume the position of general overseer Knowing his estate would be small, because of adverse legal decisions. Dr. Dowie in his will urged Lewis to carry his contentions to the court of last resort.

Fire Causes Panic.

New York, April 5.—A panic among the families residing in tenements in the vicinity occurred early today when fire partially destroyed a block of factory buildings in Brooklyn. Every fire company in Brooklyn was on the scene and the efforts of the firemen were devoted to preventing a spread of the flames to the near by tenements. All the inhabitants were routed from their homes, and some of them began hauling their household belongings into the street. Four hundred persons are throw out of employment as the result of the fire. Several firemen were slightly bruised while fighting the flames.

Resignations Withdrawn.

With the exception of General M. P. Steal, the minister of war, the entire cabinet has withdrawn its resignation at the request of Queen Wilhelmina. The cabinet's resignation was tendered after the lower house of parliament had rejected Minister Setal's proposal for a reduction of the expenditure on the militia. Major General Van Rappard, commander of the military district of Amsterdam has been appointed general Steal's successor.

Rioting at Loraine, Ohio.

Loraine, O., April 5.—Following riots here last night in which one rioter was shot and a Pinkerton guard injured, Mayor King ordered out the local company of the Ohio National Guard to check rioters at the plant of the American Shipbuilding Company. The riots resulted from the importation of strike-breakers. Their renewal is expected. The stockade at the plant is protected by armed Pinkertons.

Santiago Burning.

Havana, April 5.—Dispatches just received from Santiago say the town is on fire and it is feared it will be totally destroyed. Scant details are given, but it is stated no water is available for fighting the flames.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children, too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by E. S. Leadbeater & Sons, druggists. 50c.

No More Kimonas Abroad.

Cincinnati, April 5.—A new dress reformer is abroad to force sensible attire for women. He has 600 assistants sworn to aid him and his name is Milliken, chief of police. Here is his edict issued yesterday:

"The kimono must cease to be worn on the street. The high-heeled slipper must go when accompanied by purple stockings or other gaudy ankle encasements. Skirts must not be held too high, no matter how rainy the day. Young girls must not wear fascinators."

Milliken has said it. He has told his lieutenants, sergeants and patrolmen to arrest any person appearing on the streets in attire that would not look well in church.

Discharged from Sanitorium.

Stamford, Conn., April 5.—Terry McGovern, former pugilistic champion, is to be discharged this afternoon from Stamford Hall Santarium, where he has been since December. When he was brought here it was said he was a total wreck and a victim of paresis. Terry's trouble however, was alcoholism. He is greatly improved but whether he will fight again is problematical.

Death of Bishop Fitzgerald.

A cable message received in New York yesterday from one of the Methodist Book Concern agents in Hongonk read as follows: "Bishop James N. Fitzgerald, of the Methodist Episcopal Church died of pleurisy at Honkong this morning. The remains, accompanied by his wife, daughter and son, will be brought on the Pacific Mail steamer China, leaving Hongkong April 9."

Bishop Fitzgerald was 69 years old, and was born in Newark, N. J., and joined the Newark Conference in 1862. After acting as recording secretary of the missionary society of the Methodist Church from 1880 to 1888, he was elected bishop in the latter year.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

In loving remembrance of my beloved child FRANK MAYHUGH, who died April 5, 1902—five years ago today.

Five lonely years have passed
Since I have seen his face;

How his love I fondly crave.
When my life's work here is over
Let me rest beside his grave

School Board.

A meeting of the City School Board was held last night, Captain Bryant presiding.

Mr. Stabler reported that the committee to arrange for an educational exhibit at the Jamestown Exposition, after hearing that Mr. Jenkins, who would have charge of such exhibits at the exposition, had stated that no more space was available, though volumes could be taken care of, had countermanded an order for cases in which to display the Alexandria school exhibit. Later, however, the committee had learned that space for exhibit cases could be obtained, and now the committee wished further instructions from the board.

The opinion of the board was that the cases had best be ordered and that some one be sent to look after the exhibit and see that it is placed in proper position at the exposition.

The details of the matter were left with the committee, and Mr. Yates was designated to take the exhibit to Jamestown and see that it was properly displayed.

The Superintendemt reported that the State School Examiners had met in this city since the last meeting and that the Teachers' Institute had been held according to announcement and had been well attended; the examiners had examined all the white schools. He also reported that none of the schools had been closed during the past month and that Mrs. W. H. P. Kelly was now being employed as a substitute teacher.

A petition from C. Griffin for an increase of pay as janitor of Washington building was referred to the finance committee.

Mr. Yates called attention to the fact that there were now but few sites available for school buildings in the city; Peabody building would in time be unfit for school purposes, but would grow in value for business purposes. He thought this was a good time to petition Council to appropriate sufficient money to purchase a suitable site for a school building.

The matter was generally discussed but no action was taken.

The exhibit of work of Lee School yesterday was largely attended and much praise given to the principal Miss A. V. Grigg and pupils for the excellence of the work which represents many of the events connected with the history of Alexandria. At the meeting of the School Board, Mr. Yates was appointed a committee to accompany the exhibit to Jamestown and assist in arranging it in the educational department of the exposition.

Wants Correspondence Published

A few days ago while several gentlemen were in the office of Mr. George H. Rucker, Clerk of the Alexandria County Court, reference was made to a report which has recently been in circulation to the effect that Judge C. E. Nicol when he sent his resignation to Governor Swanson requested his excellency not to appoint his successor until the Legislature met. The friends of Judge Nicol had been twittered by some persons who observed that there was a string to the resignation; that the judge had an idea of resuming the ermine in case his Congressional aspirations were doomed to disappointment. Mr. Rucker subsequently wrote a letter to Judge Nicol calling his attention to this report, and the judge has promptly replied by informing his correspondent that he has written to Governor Swanson asking him to make public the correspondence in reference to his resignation.

Missing Gun Found.

After a three months' search for an $80 imported shotgun and case, which was stolen from Frank I. Nathaft, of Altoona, Pa., in the Pennsylvania station, in Washington, on December 30 last, Detective Barbee went down the Potomac river yesterday afternoon in the police boat Vigilant and placed Henry J. Graeff, a dairyman, of High Point, Va., under arrest on the charge of grand larceny. The gun was found in Graeff's possession. At the time of the theft, Mr. Nathaft, who is a prominent Altoona business man, placed his gun on a seat of the station, leaving it there while he purchased a ticket. Upon his return the gun was gone. According to the story of the prisoner, he purchased the gun for $5 from a colored man, who said he had obtained possession of the firearm through a railroad employe.

THE "CONSPIRACY."

A remarkable story was told in Washington yesterday afternoon on information from the White House as to how President Roosevelt was first informed of the combination which he has termed the Hearst Harriman-Rockefeller combination, and the raising of a five-million-dollar fund to accomplish the defeat of the President's policy in the Sixtieth Congress, and to capture the national republican convention next year, and turn it against Mr. Roosevelt or the man he favors for his successor.

Late last night, after the story as it came from the White House got to the ears of the politicians around the hotels, it was openly stated that Senator Boies Penrose, of Pennsylvania, was the man who had given the combine snap away. It was stated by men who were at the dinner at which Mr. Penrose is said to have made his disclosures, that the Pennsylvania Senator had announced that he was the active manager of the "conservative combination" (as he termed it) and the object was to put an end to "Rooseveltism."

"The President has declared he is not a candidate for renomination and will not accept a nomination by the party," is the way Senator Penrose put it. "I have taken him at his word, and so have the others with me. Why should he dictate to the party who it should nominate if he does not want it himself any more than other republicans? Our conservative combination will urge a good, conservative man for the place, and we will win."

It is said to be Senator Penrose's purpose to become chairman of the republican national committee and run the campaign if the combination wins.

From now on the President intends to make public all he learns about the moves and actions of the combination and make it fight in the open, believing that publicity will aid him to defeat their plans. Many leading republicans in Washington believe that the whole matter will end by the President consenting to accept a renomination for President as the only means of securing a Roosevelt man in the White House after 1908, and thus carrying out his own policies and plans.

Miss Hinds Awarded $900.

Judge Waddill, in the United States District Court, in Richmond yesterday, after having heard motions of the defense and prosecution in the case of Miss Nellie Hinds, the Philadelphia stenographer, against Warden, the Fredericksburg millionaire, for alleged breach of contract in discharging her without sufficient cause after having persuaded her to give up a lucrative business to go to Fredericksburg as his secretary, declined to sit alone in judgment, and the case went to the jury.

In his instructions to the jury Judge Waddill ruled that a written contract resulting from an oral agreement had been drawned up and signed by Warden, whereby he had bound himself to pay Miss Hinds during his lifetime $25 a week as compensation for her services as stenographer, and that, moreover, he had agreed to bequeath to her at his death $5,000. The jury returned a verdict awarding Miss Hinds $900 an accumulated salary, but on motion of counsel for the defense, the verdict was set aside. The Court will try to call the rehearing at this term of the court.

Tillman is Disgusted.

Senator Benjamin Tillman, of South Carolina, while in Birmingham, Ala., yesterday said that the Roosevelt-Harriman controversy simply disgusted him.

"I have a feeling of disgust when I read about this controversy between the President and this man Harriman. Of course, Roosevelt will take issue with any man who opposes him, and every one who differs with him must suffer the unpleasantness of being dubbed a liar. It simply disgusts me."

Mr. Tillman added that he thought the railroads are trying to force government ownership, and that it is a move to "unload" their watered stock on the government.

"Roosevelt is squinting at this now," added Tillman. "The President is seeking to make government regulation supersede State regulation, but, happily, the Supreme Court is still doing business at the old stand."

The social row which was occasioned by the black-balling of Perry Belmont and Mrs. Belmont when they applied for membership in the exclusive Chevy Chase Club has extended to the Metropolitan Club, Washington, of which Belmont is a member. There he met certain members of the Chevy Chase Club and there was a scene, which has produced all sorts of gossip, so serious that it is said the Board of Governors of the Metropolitan Club are considering action.

It is declared that A. S. Worthington, a Washington lawyer; William J. Boardman, father-in-law of Senator Crane, of Massachusetts, and Brigadier General Wallace Randolph are the men who opposed the admission of the Belmonts to the Chevy Chase Club, and that when Belmont met his opponents at the Metropolitan Club he attacked them in language severe in the extreme, and that usually calls for a resort to arms.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. Attempt to Wreck a Train.

A dastardly attempt to wreck the Chicago limited on the Pennsylvania Railroad, the second time within a month, was made early yesterday morning near Penn Station, in the neighborhood of Pittsburg, Pa. Fish-plates were removed from two rail joints and a number of spikes drawn, but the train passed over the joints without leaving the tracks.

Penn Station is in what is known as the railroad danger zone. The first attempt to wreck the Chicago limited was made near Turtle Creek, not far from Penn, and during the past three weeks the Chicago Express and the Keystone Express were ditched by wreckers in the same district. In every case the wreckers removed the fishplates which connect the rails, and when the trains reached the rail-joints which had been tampered with they left the track.

Every lady should have a copy of the Argo Red Salmon Cook Book. It tells you thirty-nine different ways of preparing Salmon. Ask your grocer for it.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too, and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists. 25c.

Another Victim.

Cigarette smoking and dime-novel reading contributed, it is believed, in no small part to the conditions which caused fifteen-year-old Frederick Collinder to hang himself in New York Wednesday night. His body was found in a small rear room of the store of Henry Wellbrook, a grocer, at 157 Stuyvesant avenue, by whom he was employed as errand boy. The boy had been quite despondent of late, and the continued illness of his mother had caused him some worry. He had also been quite upset by the arrest of two of his companions a week ago. The boy's mind was in such state from the almost incessant smoking of cigarettes, it is believed, that he was not altogether responsible for his act, although there never had been the least suspicion that he was suffering from any mental trouble.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not, only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.
